EMPLOYMENT HISTORY

Intern, Office of City Civil Registrar - Ciudad de Zamboanga
REGISTRATION OFFICER ASSISTANT
JAN 2023 - MAY 2023
I accurately recorded and entered birth information into the registration system and efficiently managed and maintained vital civil records, including births, deaths, and marriages, ensuring accuracy and compliance with legal requirements.

FREELANCE DEVELOPER
NOV 2023 - PRESENT
Proficient in designing and implementing both web system projects and game applications.

Notable Projects:
Augmented Reality Flash Cards (Capstone Project)
- **Technologies Used: Unity, Vuforia, C#**
  - *Developed an educational mobile app with interactive flashcards, tracing alphabet game, quizzes, and more.*
  - *Utilized Vuforia SDK for image recognition and tracking functionalities to display 3D models and animations over real-world images.*
  - *Successfully delivered project on time and within budget ($20k), receiving positive feedback.*

- ***GitHub Repo:** https://github.com/NadeerMukaram/Augmented-Reality-Flash-Cards.git*

PsyrenAR: A Mobile-Based Mental Health Assessment and Counselling Application with Marker-Based Augmented Reality (Capstone Project)
- **Technologies Used: Unity, Vuforia, C#**
  - *Includes an augmented therapist—that assists users in managing their mental health concerns through immersive, personalized interactions. Offers therapeutic videos and games designed to promote relaxation and alleviate stress.*
  - *Pyschiatrist Approved.*

- ***GitHub Repo:** https://github.com/NadeerMukaram/Augmented-Reality-Mental-Health-Assessment-PsyrenAR.git*

- ***Other Projects:***
  - **Online Ordering and Inventory System**
    - ***GitHub Repo:** https://github.com/NadeerMukaram/Online-Ordering-and-Inventory-System*
  - **E-commerce Site**
    - ***GitHub Repo:** https://github.com/NadeerMukaram/E-Commerce-Site*
  - **Online Art Gallery**
    - ***GitHub Repo:** https://github.com/NadeerMukaram/Online-Art-Gallery*
